User stories

- As a customer, I want to be able to register or sign into account so that I can shop for items.
- As a seller, I want to be able to login or create an account so that I can post items to sell.
- As an admin, I want to manage the profiles of customers and sellers so that I can keep record of transactions on the website.
- As a customer, I want to be able to apply filters while searching for products so that I easily find what I want.

Roles

Frontend:

- Siming Shen

Backend:

- Matthew Faigan
- Sabari Krishna Orakkan

Full Stack:

- Imran Ahmed
- Julian Aloise
- Michael Djaburi
- Zi Hao Tan

Next Sprint Plan

- Implementation of the cart page
- Implementation of product pages
- Implementation of user stories
- Implementation of the home, login and register pages
